Project: Income Tax Calculation - <https://github.com/Linhnguyen45/Income-tax-caculator>

Role: Developer

Mar 2023 - Apr 2023

Domain: Write Java program to manage tax information using binary search tree.

Project size: 3 persons.

Responsibility:

- Working with team member to understand requirement.
- Developing functions to read and write data.
- Testing and maintain the system following teacher requirements.

EDUCATION BACKGROUND

Software Engineering, FPT University

Sep 2021 - Present

- Specialization: Software Engineering.
- GPA: 7.0/10.

COURSES

-
- Software Development Lifecycle & Coding. Jun 10, 2023
 - Web Design for Everybody: Basics of Web Development & Coding. Apr 2023
 - Manual Testing Course. Dec 2022-Mar 2023
 - Computer Security & Network. Dec 2022
 - Academic Skills for University Success. Aug 2022
 - Cert Nexus Certified Ethical Emerging Technologist Oct 2023

PROFESSIONAL CERTIFICATES

- Academic Skills for University Success - *The University of Sydney* Jul 19, 2022
- Computer Communications - *University of Colorado System* Sep 23, 2022
- Web Design for Everybody: Basics of Web Development & Coding - *University of Michigan* Mar 15, 2023
- Certificate of Accceftation in Tester - *T3H Information Technology Institute* Apr 15, 2023
- Software Development Lifecycle - *University of Minnesota* Jun 10, 2023
- CertNexus Certified Ethical Emerging Technologist - *CertNexus* Oct 9, 2023
